

LEADER IN MANPORTABLE CORE DRILLING SPECIAL DRILLING SERVICES

Dry Core Drilling

Special Soil and Rock
Investigations

Directional
Core Drilling

Ingetrol Drilling Services

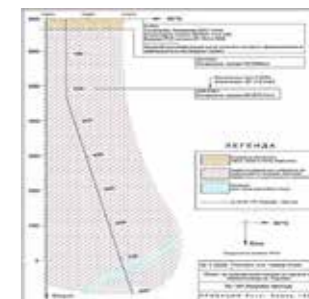

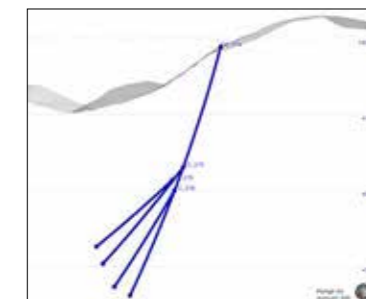

Since 1990, providing solutions for your most difficult challenges in mineral exploration, geotechnical investigation, environmental sampling, mud drilling, dry drilling, portable rigs, anchor drilling, wire line, reverse circulation, DTH, blast hole drilling, pole driving, and directional core drilling.

Advantages:

USING:

- LIGHTEST POWER PACKS - 72 HP ONLY 300 KG.
- NEXT GENERATION MUD PUMPS - MORE FLOW, HIGHER PRESSURE AND LIGHTER WEIGHT. TRIPLEX BALL VALVE MUD PUMP.
- UNIQUE DOUBLE CHECKING GYRO IN THE MARKET (TWIN GYRO).
- BEST CORE ORIENTATOR IN THE MARKET, CONTROLLED BY MOBILE PHONE.
- SPECIAL COMPACT GEOTECHNICAL RIGS FOR SOIL SAMPLING, TAILINGS EVALUATION, SPT, CPT-U, ETC
- FULLY REMOTE CONTROL TRACK MOUNTED HWL CORE DRILL FOR UNDERGROUND EXPLORATION.
- SPECIAL DEDICATED RIGS FOR GEOMECHANICAL APPLICATIONS LIKE OVERCORING, ETC.
- EXTRA RESISTANCE DRILL RODS, SPECIALLY FOR DIRECTIONAL DRILLING APPLICATIONS.
